To Our Patients:

Welcome to our office! We hope you will find your care here pleasant and thorough.

In order to provide you with a complete evaluation, an all over full body skin examination is important and often vital to your care, particularly given the rising incidence of skin cancer. As part of your initial visit, and at no extra charge, we would like to examine both exposed and unexposed areas of your skin for which the nurse will request that you undress. If you strongly prefer otherwise, please let us know.

To Our Patients:

As any of you who have checked into a hotel lately know, you are asked for a credit card at the time of check in. This is an advantage for both you and the hotel, since it makes checkout faster and more efficient. We are going to implement a similar policy.

You will be asked for a credit card at the time you check in and the information will be held securely until your insurances have paid and made their determination of the amount of your co-pay. At that time any remaining balance owed by you will be charged to your credit card, and a copy of this will be mailed to you.

This will be an advantage to you, since you will no longer have to write out and mail us checks. It will be an advantage to us as well, since it will greatly decrease the number of statements that we have to generate and send out.

This in no way will compromise your ability to dispute a charge or an insurance company's determination of payment.

Co-pays due at the time of the visit will still be due at the time of the visit.

Sincerely yours,

Bernardo Dermatology Medical Group, Inc.
